Powell, 2019-08-14 Lo c Wacquant is one of the most influential sociological theorists of the contemporary era with his research and writings resonating widely across the social sciences This edited collection critically responds to Wacquant's

distinct approach to understanding the contemporary urban condition in advanced capitalist societies. It comprises chapters focused on Europe and North America from leading international scholars and new emergent voices which chart new empirical, theoretical, and methodological territory. Pivoting on the relationship between class, ethnicity, and the state in the re-making of urban marginality, the volume takes stock of Wacquant's body of work and assesses its value as a springboard for rethinking urban inequality in polarizing times. Heeding Wacquant's call for constant theoretical critique and development in understanding dynamic urban relations and processes, the contributors challenge, develop, and refine Wacquant's framework while also synthesizing it with other perspectives and bringing it into dialogue with new areas of inquiry. How can Wacquant's work aid the empirical understanding of today's complex urban inequalities? And how can empirical investigation and theoretical synthesis aid the development of Wacquant's framework? The diverse contributors to the collection ask these and other searching questions, and Wacquant responds to this critique in the final chapter. This book will be of interest to scholars engaged in understanding the drivers, contexts, and potential responses to contemporary urban marginality.

Writing

Science Fiction and Fantasy Crawford Kilian, 1998. Covers heroes, subgenres, technology, sword and sorcery.

The Elements of Architecture Scott Drake, 2014-02-04. The Elements of Architecture is a clear and well-structured introduction to sustainable architecture which concentrates on general principles to make an accessible and comprehensive primer for undergraduate students. The author takes a fresh and logical approach focusing on the way aspects of the built environment are experienced by the occupants and how that experience is interpreted in architectural design. He works through basic elements and senses: sun, heat, light, sound, air, water, and fire to explain and frame effective environmental architectural design, not only arguing that the buildings we inhabit should be viewed as extensions of our bodies that interact with and protect us from these elements but also using this analogy to explain complex ideas in an accessible manner.

Chibi Character

Styles Hazel Monroe, 2025-03-10. Chibi Character Styles explores the delightful art of chibi character design, focusing on simplified proportions and exaggerated expressions. This book explains how to capture a character's essence using just a few lines. Interestingly, chibi art, while seemingly modern, is rooted in historical art forms like caricature and early animation, demonstrating its enduring appeal. Learn how to effectively manipulate proportions, creating endearing characters with large heads and small bodies, and master the art of conveying emotions through subtle facial adjustments. The book uniquely deconstructs the chibi style with a systematic approach, offering a clear framework for understanding its principles. It emphasizes expressive exaggeration to help the reader amplify the character's core personality. For example, slight changes to the eyes or mouth can dramatically alter a character's mood. The book progresses from fundamental anatomy to facial expressions and practical exercises, allowing readers to create personalized chibi characters. Ultimately, mastering chibi design enhances visual communication skills, making it valuable for various applications like game design and animation. The book emphasizes that effective chibi design is not merely about shrinking a character but rather a strategic simplification.

and expressive amplification This approach sets it apart highlighting its potential as a powerful tool for character design

Geczy, 2017-05-18 Rachel Lin Smith is a shy geeky teenage girl who gets turned into a vampire against her will by a much older serial killing monster Her friends help her cope with her changes and adapt to modern life as a vampire then help her find and stop her sire from killing again They also have to deal with a time traveling mayor a modern day wizard Really more of a magical artifacts collector and the protagonist finds herself in the center of a bisexual love triangle between her nerdy best friend and the most popular girl in school COMING SOON Subscribe for a dollar a month to receive every chapter of my future novels as I write them as well as access to my entire back catalogue Go to www.patreon.com/99geek URBAN FANTASY Writing now prologue available for free and Chapter 1 available for subscribers at www.patreon.com/99geek Rachel Lin Smith is only just getting used to being a vampire and things couldn't be better She has a boyfriend and a girlfriend and playing them both for affection and blood But is she getting more aggressive Is she even still acting as herself or is her rising confidence also a sign of the vampire taking control With children going missing all around town she better figure herself out fast There's people that rely on her like Jon Mason and his unstable Synesthesia Or Tanya and her time traveling father being threatened by a time traveler worshipping cult who think his death will bring the return of all magic in the world a force long ago extinct She'll be so busy she might not even have time for the time traveling wizard from previously mentioned ancient era of magic who has come to present day with all his magic intact Can she stop him from turning the CN Tower into his own

personal Wizard's Tower and the entire city into a hellish nightmarescape of monsters

Dakotah Slade Script Written Comic in production I Wrote a script for a story that takes place within the same world as Urban Fantasy following a love sick damaged alcoholic woman named Dakotah Slade who learns that magic is real when one of her best friend Spontaneously Combusts Teaming up with a jaded detective they have to find out the truth behind a tainted drug that is spreading amongst the sleepy Canadian community Can they stop it before everything is in place for the endgame

ADRIFT Script written comic in production A comic I've written and is currently being produced Follows kids who wake up alone and scared on a derelict junk vessel not so slowly falling into a sun Can they get free and find the pirates who took their parents pirates who are using all the slave labour they can get to build the largest fleet to ever fly under a single flag My artist has been working at it for a while In a shared universe with my next novel after Urban Fantasy

ADRIFT HOMELESS In conception A sci fi novel about a doctor named David Stanfield living on a dying desert world with a dwindling populace He's recruited by a secret government program to build a large colony ship to take their people to find a new home in the stars Things won't be simple however with a growing resistance planetside fighting against what they feel is a waste of resources Just when The Rebirth is finally ready to set off things get worse as their captain is killed and Dr Stanfield is forced to take command of their crew against an alien with technology far more advanced than theirs One side has lasers and large energy shields that make them seemingly invincible Stanfield's crew has technology only pejoratively more advanced than our own They have infinite numbers Stanfield has one ship The Aldonn Chronicles In development My third novel series that I hope to start after finishing Urban Fantasy and Adrift Homeless With those three novel series I hope to jump back and forth between the settings one medieval one modern and one in the future I want to create a channel of book chapters or episode
