Sobriety & Recovery Coloring Book** Positive Spam Ann,2021-04-15 Time to color off your addiction Maybe you are wondering how can coloring be helpful in recovery Well just to start with it is scientifically proven that coloring helps to relive stress and anxiety What is more it exercises the whole brain stirring your imagination and creativity Apart from that it s an easy way to displace negative emotions when you are focused on coloring the emotions slowly fade away and very often they re replaced with positive ones like happiness and joy Coloring is also a form of meditation which allows you to become more self aware and mindful With the addition of positive affirmations coloring becomes even more beneficial Studies show that our minds and our bodies are closely connected Many addicts suffer from mood anxiety or personality disorders Some addictions are caused by traumatic experiences in childhood or later on Generally people with addiction already lack self esteem even before they start using but the fact that they use massively affects their mental state They experience self doubt depression anxiety shame and many more negative emotions That is why it is so hard to recover from addiction It is like a vicious circle you feel the urge to use to dull these negative emotions but after using you feel even worse because you have failed and again you feel the urge to dull these feelings and here we go again It is not a lost cause though Positive affirmations help to build up positive emotions and feelings in your mind Have you ever heard the saying a lie told often enough becomes the truth It is the same with affirmations If you repeat them over and over again your brain will be made to finally believe them and force the negative stuff out of your mind You are what you think a positive mind is an invincible one You can beat anything including your addiction The mix of coloring pages and short positive affirmations is a very powerful tool in building positive self awareness

Thanks to coloring you enter a meditative state and you focus even more on the positive affirmation on the page You engrave the affirmation in your mind and it stays with you even many hours after you ve stopped coloring Don t waste any more time Scroll up buy the book and start reprogramming your mind and your life or buy this book for the person you care about so they could start reprogramming their mind *Instructor* ,1976 **Resources in Education** ,1996 **AV Guide** ,1989
