## Drone Object Lessons:

Drone Adam Rothstein, 2015-02-03 Drones are in the newspaper on the TV screen swarming through the networks and soon we are told they will be delivering our shopping But what are drones The word encompasses everything from toys to weapons And yet as broadly defined as they are the word drone fills many of us with a sense of technological dread Adam Rothstein cuts through the mystery the unknown and the political posturing and talks about what drones really are what technologies are out there and what is coming next how drones are talked about and how they are represented in popular culture It turns out that drones are not as scary as they appear but they are more complicated than you might expect Drones reveal the strange relationships that humans are forming with their new technologies Publisher **The handy book of object lessons, revised by H.
