penalties on bus operators who claim to offer accessible routes but then fail to provide accessible buses the phased introduction of audio visual information systems on all buses over the next ten years phasing out the need for disabled travellers having to book organised assistance in advance financial incentives to encourage investment in fully accessible vehicles by taxi and private care hire vehicle operators and a change to EU rules so that in future airlines are required to allow carers to travel free of charge when the airline judges a disabled person incapable of travelling independently The Cabinet Office should convene a working group of ministers and officials to improve cross government working on accessibility in order to secure the full benefits to be gained from widening disabled people s access to employment and training healthcare and wider participation in all parts of society **On Target** ,2009 *Journal of Disability Policy Studies* ,2008-06 *WeMedia* ,2000 **Exceptional Child Education Resources** ,2002 **A Teacher's Guide to Including Students with Disabilities in General Physical Education** Martin E.
