Disability and Other Human Questions Dan Goodley, 2020-11-04 Goodley draws on decades of research to argue that disability has much to offer when we contemplate what it means to be human in the 21st Century He addresses questions such as who is allowed to be human are human beings dependent and what does it mean to be human in the digital age

Literature and Disability Alice Hall, 2015-08-11 Literature and Disability introduces readers to the field of disability studies and the ways in which a focus on issues of impairment and the representation of disability can provide new approaches to reading and writing about literary texts Disability plays a central role in much of the most celebrated literature yet it is only in recent years that literary criticism has

begun to consider the aesthetic ethical and literary challenges that this poses The author explores key debates and issues in disability studies today different forms of impairment with the aim of showing the diversity and ambiguity of the term disability the intersection between literary critical approaches to disability and feminist post colonial and autobiographical writing genre and representations of disability in relation to literary forms including novels short stories poems plays and life writing This volume provides students and academics with an accessible overview of literary critical approaches to disability representation

Manifestos for the Future of Critical Disability Studies Katie Ellis, Rosemarie Garland-Thomson, Mike Kent, Rachel Robertson, 2018-10-03 This collection identifies the key tensions and conflicts being debated within the field of critical disability studies and provides both an outline of the field in its current form and offers manifestos for its future direction Traversing a number of disciplines from science and technology studies to maternal studies the collection offers a transdisciplinary vision for the future of critical disability studies Some common thematic concerns emerge across the book such as digital futures the usefulness of anger creativity family as disability allies intersectionality ethics eugenics accessibility and interdisciplinarity However the contributors who write as either disabled people or allies do not proceed from a singular approach to disability often reflecting different or even opposing positions on these issues Containing contributions from established and new voices in disability studies outlining their own manifesto for the future of the field this book will be of interest to all scholars and students working within the fields of disability studies cultural studies sociology law history and education The concerns introduced here are further explored in its sister volume Interdisciplinary approaches to disability looking towards the future

Disability Studies Colin Cameron, 2016 Bringing together a range of expert voices to tackle the essential topics relevant to the study of disability from a social perspective this interdisciplinary introduction includes over 50 chapters relevant across health and social care

A Cultural History of Disability in the Modern Age David T. Mitchell, Sharon L. Snyder, 2023-05-17 If eugenics the science of eliminating kinds of undesirable human beings from the species record came to overdetermine the late 19th century in relation to disability the 20th century may be best characterized as managing the repercussions for variable human populations A Cultural History of Disability in the Modern Age provides an interdisciplinary overview of disability as an outpouring of professional political and representational efforts to fix correct eliminate preserve and even cultivate the value of crip bodies This book pursues analyses of disability's deployment as a wellspring for an alternative ethics of living in and alongside the body different while simultaneously considering the varied social and material contexts of devalued human differences from World War I to the present In short this volume demonstrates that in Ozymandias like ways the Western Project of the Human with its perpetuation of body mind hierarchies lies crumbling in the deserts of failed empires genocidal furies and the rejuvenating myths of new nation states in the 20th century An essential resource for researchers scholars and students of history literature culture philosophy rehabilitation technology and education A Cultural History of Disability in the Modern Age

explores such themes and topics as atypical bodies mobility impairment chronic pain and illness blindness deafness speech learning difficulties and mental health while wrestling with their status as unreliable predictors of what constitutes undesirable humanity

Critical Disability Studies and the Disabled Child Harriet Cooper, 2020-03-20 This book examines the relationship between contemporary cultural representations of disabled children on the one hand and disability as a personal experience of internalised oppression on the other In focalising this debate through an exploration of the politically and emotionally charged figure of the disabled child Harriet Cooper raises questions both about what it means to speak for the other and about what resistance means when one is unknowingly invested in one's own abjection Drawing on both the author's personal experience of growing up with a physical impairment and on a range of critical theories and cultural objects from Frances Hodgson Burnett's novel *The Secret Garden* to Judith Butler's work on injurious speech the book theorises the making of disabled and rehabilitated subjectivities With a conceptual framework informed by both psychoanalysis and critical disability studies it investigates the ways in which cultural anxieties about disability come to be embodied and lived by the disabled child Posing new questions for disability studies and for identity politics about the relationships between lived experiences cultural representations and dominant discourses and demonstrating a new approach to the concept of internalised oppression this book will be of interest to scholars and students of disability studies medical humanities sociology and psychosocial studies as well as to those with an interest in identity politics more generally

An Introduction to Disability Studies David Johnstone, 2012-07-26 Disability studies has become a legitimate area of academic study It is multi disciplinary in its critique of the oppressions that have historically dumped disabled people on the margins of society This fully revised and updated edition not only explains disability studies as an academic field of inquiry it also explores many of the current issues affecting the lives and circumstances of disabled people The book explores and analyzes quality of life factors in the lives of disabled people in relation to the professional development of undergraduates and examines the emergence of rights for disabled people in the local area the UK and abroad The author indicates the strengths and weaknesses of organizations of and for disabled people and provides examples of individual and institutional oppressions against disabled people and success stories exploring how these have been overcome in education and employment The book suggests how disabled and non disabled people can collaborate in the development of inclusive communities and neighborhoods The text is suitable for students taking courses in the areas of health social care and allied services at NVQ BTEC Degree and PGCE level The author encourages students to raise their own questions and develop their own forms of inquiry

The SAGE Handbook of Qualitative Research Norman K. Denzin, Yvonna S. Lincoln, Michael D. Giardina, Gaile S. Cannella, 2023-04-07 This new edition of the SAGE Handbook of Qualitative Research represents the sixth generation of the ongoing conversation about the discipline practice and conduct of qualitative inquiry As with earlier editions the Sixth Edition is virtually a new volume with 27 of the 34 chapters representing new topics or approaches not

seen in the previous edition including intersectionality critical disability research postcolonial and decolonized knowledge diffraction and intra action social media methodologies thematic analysis collaborative inquiry from the borderlands qualitative inquiry and public health science co production and the politics of impact publishing qualitative research and academic survival Authors in the Sixth Edition engage with questions of ontology and epistemology the politics of the research act the changing landscape of higher education and the role qualitative researchers play in contributing to a more just egalitarian society To mark the Handbook's 30 year history we are pleased to offer a bonus PART VI in the eBook versions of the Sixth Edition this additional section brings together and reprints ten of the most famous or game changing contributions from the previous five editions You can bundle the print eBook version with bundle ISBN 978 1 0719 2874 5

A Historical Sociology of Disability Bill Hughes, 2019-09-26 Covering the period from Antiquity to Early Modernity A Historical Sociology of Disability argues that disabled people have been treated in Western society as good to mistreat and with the rise of Christianity good to be good to It examines the place and role of disabled people in the moral economy of the successive cultures that have constituted Western civilisation This book is the story of disability as it is imagined and re imagined through the cultural lens of ableism It is a story of invalidation of the material habituations of culture and moral sentiment that paint pictures of disability as what not to be The author examines the forces of moral regulation that fall violently in behind the dehumanising ontological fait accompli of disability invalidation and explores the ways in which the normate community conceived of narrated and acted in relation to disability A Historical Sociology of Disability will be of interest to all scholars students and activists working in the field of Disability Studies as well as sociology education philosophy theology and history It will appeal to anyone who is interested in the past present and future of the last civil rights movement

Critical Readings in Interdisciplinary Disability Studies Linda Ware, 2020-03-13 This edited volume includes chapters on disability studies organized around three themes Theory Philosophy and Critique Informed by a range of scholars who may or may not fashion their work beneath the banner of disability studies in explicit terms it draws connections across a range of identities knowledges histories and struggles that may on the face of the text seem unrelated The chapters are cross categorical and interdisciplinary for purposes of complicating disability studies across international contexts and multiple locations that consider practice oriented and intersectional approaches for analysis and advocacy This integrative approach heralds more powerful ways to imagine disability and the conversation on disability

Interdisciplinary Approaches to Disability Katie Ellis, Rosemarie Garland-Thomson, Mike Kent, Rachel Robertson, 2018-12-12 How can a deep engagement with disability studies change our understanding of sociology literary studies gender studies aesthetics bioethics social work law education or history Interdisciplinary Approaches to Disability the companion volume to Manifestos for the Future of Critical Disability Studies identifies both the practical and theoretical implications of such an interdisciplinary dialogue and challenges people in disability studies as well as other disciplinary fields to critically reflect on their

professional praxis in terms of theory practice and methods Topics covered include interdisciplinary outlooks ranging from media studies games studies education performance history and curation through to theology and immunology Perspectives are drawn from different regions from the European Union to the Global South with chapters that draw on a range of different national backgrounds Our contributors who write as either disabled people or allies do not proceed from a singular approach to disability often reflecting different or even opposing positions The collection features contributions from both established and new voices in international disability studies outlining their own visions for the future of the field

Interdisciplinary Approaches to Disability will be of interest to all scholars and students working within the fields of disability studies cultural studies sociology law history and education The concerns raised here are further in *Manifestos for the Future of Critical Disability Studies*

Disability and Psychology Dan Goodley, Rebecca Lawthom, 2005-10-30 Disability is not just the physical sensory or intellectual impairments a person has but the exclusion from society they face as a result Organisations for disabled people are a growing voice in challenging this exclusion and anti discrimination legislation is helping to change the structures in society that have contributed to it This book examines the discipline of psychology in this regard It argues that psychology has tended to ignore the socio cultural aspects of disability and treat disabled people as objects rather than arbiters of psychological intervention Bringing together disabled and non disabled researchers and psychologists this book proposes ideas for an enabling psychological theory and practice and addresses questions such as How can we support the inclusion of disabled children Can therapy enable rather than pathologise What can be learnt from the experience of disabled psychologists How can psychology contribute to social models of disability In examining these issues this volume challenges the reader to reconsider the relationship between disability studies and psychology and to do so in ways that contribute to the emancipation rather than the exclusion of disabled people A key text for students on relevant courses within disability studies and psychology degrees this book is also an important resource for those who study or work in the areas of healthcare studies nursing sociology and social work Dan Goodley is a Reader in disability studies University of Sheffield with research interests in disability theory activism and methodology Rebecca Lawthom is Principal Lecturer in psychology Manchester Metropolitan University and a member of the Research Institute for Health and Social Change Her research interests are in disability community and feminist psychology

Dis/ability Studies Dan Goodley, 2014-04-24 In this ground breaking new work Dan Goodley makes the case for a novel distinct intellectual and political project dis ability studies an orientation that might encourage us to think again about the phenomena of disability and ability Drawing on a range of interdisciplinary areas including sociology psychology education policy and cultural studies this much needed text takes the most topical and important issues in critical disability theory and pushes them into new theoretical territory Goodley argues that we are entering a time of dis ability studies when both categories of disability and ability require expanding upon as a response to the global politics of neoliberal capitalism Divided into two parts the first

section traces the dual processes of ableism and disablism suggesting that one cannot exist without the other and makes the case for a research driven and intersectional analysis of disability The second section applies this new analytical framework to a range of critical topics including The biopolitics of disability and debility Inclusive education Psychopathology Markets communities and civil society Disability Studies provides much needed depth texture and analysis in this emerging discipline This accessible text will appeal to students and researchers of disability across a range of disciplines as well as disability activists policymakers and practitioners working directly with disabled people *Cultural Disability Studies in Education* David Bolt, 2019 Over the last half century disability studies has emerged not only as a discipline in itself but also as a catalyst for the interdisciplinary fields of cultural disability studies and Disability Studies in Education DSE This groundbreaking book by leading disabilities studies scholar David Bolt unites these two areas into a new field that recognises education as a conversation between educators and students who explore representations of disability on the levels of everything from academic disciplines and curricular to language theory narrative and characterisation *Handbook of Disability Studies* Gary L. Albrecht, Katherine D. Seelman, Michael Bury, 2001-05-24 This path breaking international handbook of disability studies signals the emergence of a vital new area of scholarship social policy and activism Drawing on the insights of disability scholars around the world and the creative advice of an international editorial board the book engages the reader in the critical issues and debates framing disability studies and places them in an historical and cultural context Five years in the making this one volume summarizes the ongoing discourse ranging across continents and traditional academic disciplines To provide insight and perspective the volume is divided into three sections The shaping of disability studies as a field experiencing disability and disability in context Each section written by world class figures consists of original chapters designed to map the field and explore the key conceptual theoretical methodological practice and policy issues that constitute the field Each chapter provides a critical review of an area positions and literature and an agenda for future research and practice The handbook answers the need expressed by the disability community for a thought provoking interdisciplinary international examination of the vibrant field of disability studies The book will be of interest to disabled people scholars policy makers and activists alike The book aims to define the existing field stimulate future debate encourage respectful discourse between different interest groups and move the field a step forward
