Disappearing Persons Shame And Appearance Suny Series In Psychoanalysis And Culture:

Disappearing Persons Benjamin Kilborne, 2002-01-01 In *Disappearing Persons* psychoanalyst Benjamin Kilborne looks at how we control appearance as an attempt to manage or take charge of our feelings. Arguing that the psychology of appearance has not been adequately explored, Kilborne deftly weaves together examples from literature and his own clinical practice to establish shame and appearance as central fears in both literature and life and describes how shame about appearance can generate not only the wish to disappear but also the fear of disappearing. A hybrid of applied literature and psychoanalysis, *Disappearing Persons* helps us to understand the roots of the psychocultural crisis confronting our increasingly appearance-oriented shame-driven society.

Shame and Guilt in Chaucer Anne McTaggart, 2012-09-14 Explores the representation of emotions as psychological concepts and cultural constructs in Geoffrey Chaucer's narrative poetry. McTaggart argues that Chaucer's main works, including *The Canterbury Tales*, are united thematically in their positive view of guilt and in their anxiety about the desire for sacrifice and vengeance that shame can provoke.

Passionate Playgoing in Early Modern England Allison P. Hobgood, 2014-01-23 Allison P. Hobgood tells a new story about the emotional experiences of theatregoers in Renaissance England. Through detailed case studies of canonical plays by Shakespeare, Jonson, Kyd, and Heywood, the reader will discover what it felt like to be part of performances in English theatre and appreciate the key role theatregoers played in the life of early modern drama. How were spectators moved by delight, fear, or shame, for example, and how did their own reactions in turn make an impact on stage performances? Addressing these questions and many more, this book discerns not just how theatregoers were altered by drama's affective encounters but how they were undeniable influences upon those encounters. Overall, Hobgood reveals a unique collaboration between the English world and stage, one that significantly reshapes the ways we watch, read, and understand early modern drama.

Scenes of Shame Joseph Adamson, Hilary Clark, 1998-10-15 The significance of shame as a critical human emotion has come to be recognized in the fields of psychoanalysis, psychotherapy, and psychology. *Scenes of Shame* brings this body of theory to bear on literary and philosophical representations of shame. The contributors explore the role of shame as an important affect in the psychodynamics of a wide range of literary and philosophical works, including essays on Kierkegaard, Hawthorne, George Eliot, Nietzsche, Lawrence, Faulkner, Sexton, and Toni Morrison. The book also includes an analysis of the problem of shame in student lifewriting in the classroom and testifies to the importance of affect in philosophy and literature, as well as to the way in which imaginative writers can clarify and enrich our understanding of an emotion that, as Silvan Tomkins claims, strikes
