Discovering Hidden Shakespeares Sonnets Interpretation:

Discovering the Hidden Figure of a Child in Shakespeare's Sonnets as the Key to a New Interpretation Penny McCarthy,2015 The Secret Drama of Shakespeare's Sonnets Gerald Massey,1888 *The Secret Drama of Shakespeare's Sonnets Unfolded* Gerald Massey,1872 **The importance of being a reader: A revision of Oscar Wilde's works**

Christina Pascual Aransáez,2014-11 This book explores Wilde s works from the hypothesis that they call upon the active participation of the reader in the production of meaning It has a twofold objective first it shows that Wilde s emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co creator in the construction of meaning Second it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these The examination of Wilde s writings reveals how he gradually combined more sophisticated techniques that encouraged the reader s dynamic role with the progressive exploitation of self advertising strategies for professional purposes These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde s aesthetic principles The present study re evaluates Wilde as a critic and as a writer It demonstrates that while Wilde the myth was ahead of his time in many ways Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians Thus it may contribute to give him the status he rightly deserves in the history of literature **The Mind According to**

Shakespeare Marvin Bennet Krims,2006-09-30 Dr Krims a psychoanalyst for more than three decades takes readers into the sonnets and characters of Shakespeare and unveils the Bard s talent for illustrating psychoanalytical issues These hidden aspects of the characters are one reason they feel real and thus have such a powerful effect explains Krims In exploring Shakespeare s characters readers may also learn much about their own inner selves In fact Krims explains in one chapter how reading Shakespeare and other works helped him resolve his own inner conflicts Topics of focus include Prince Hal s aggression Hotspur s fear of femininity Hamlet s frailty Romeo s childhood trauma and King Lear s inability to grieve In one essay Krims offers a mock psychoanalysis of Beatrice from *Much Ado about Nothing* All of the essays look at the unconscious motivations of Shakespeare s characters and in doing so both challenge and extend common understandings of his texts

The Five Biblical Scrolls Andrew Vogel Ettin,2025-05-22 The biblical books known as The Five Scrolls or Megillot are major religious writings as well as masterpieces of poetry and prose that have inspired countless works of music art and literature They speak to us today across the centuries with immediacy and profound relevance This book provides the contexts for understanding all the scrolls and the ways in which they function in Jewish worship while also closely analyzing their artistry and unfolding their spiritual richness through traditional sources along with modern interpretations It points the reader to other works of culture that each of the texts has influenced over the centuries With meaningful contemporary insights and a new appreciation of what these books contribute to our understanding of divine agency at work in the world

The Five Biblical Scrolls addresses these texts as profound literary and spiritual experiences *The Genesis of Shakespeare's Art* Edwin James Dunning, 1897 **A new Study of Shakespeare: an Inquiry into the Connection of the Plays and Poems, with the Origins of the classical Drama, and with the Platonic Philosophy, through the Mysteries**, 1886 **The Secret Grave of Francis Bacon at Lichfield** Walter Arensberg, 1923 **Shakespeare and the Bible. Fifty sonnets with their scriptural harmonies interpreted by C.E. William Shakespeare**, 1896 The Personal Poems of Francis Bacon (our Shake-speare), the Son of Queen Elizabeth William Shakespeare, 1936 **The Personal Poems of Francis Bacon** Alfred Dodd, 1938 **The Cambridge History of English Literature: The drama to 1642** Sir Adolphus William Ward, Alfred Rayney Waller, 1910 *The Personal Poems of Francis Bacon* William Shakespeare, 1944

Shakespeare, the Bible, and the Form of the Book Travis DeCook, Alan Galey, 2011-07-22 Why do Shakespeare and the English Bible seem to have an inherent relationship with each other How have these two monumental traditions in the history of the book functioned as mutually reinforcing sources of cultural authority How do material books and related reading practices serve as specific sites of intersection between these two textual traditions This collection makes a significant intervention in our understanding of Shakespeare the Bible and the role of textual materiality in the construction of cultural authority Departing from conventional source study it questions the often naturalized links between the Shakespearean and biblical corpora examining instead the historically contingent ways these links have been forged The volume brings together leading scholars in Shakespeare book history and the Bible as literature whose essays converge on the question of Scripture as source versus Scripture as process whether that scripture is biblical or Shakespearean and in turn explore themes such as cultural authority pedagogy secularism textual scholarship and the materiality of texts Covering an historical span from Shakespeare's post Reformation era to present day Northern Ireland the volume uncovers how Shakespeare and the Bible's intertwined histories illuminate the enduring tensions between materiality and transcendence in the history of the book **Studies in Philology**, 1923 *The Cambridge History of English Literature: The drama to 1642, pt. 1-2* Sir Adolphus William Ward, 1910 Finding Lists of the Chicago Public Library Chicago Public Library, 1904 **The Cambridge History of English Literature** Sir Adolphus William Ward, Alfred Rayney Waller, 1910 **The Cambridge History of English Literature**, 1918
