Gender and Global Restructuring Marianne H. Marchand, Anne Sisson Runyan, 2010-09-13 In this new edition of this best selling text interdisciplinary feminist experts from around the world provide new analyses of the ongoing relationship between gender and neoliberal globalization under the new imperialism in the post 9 11 context Divided into Sightings Sites and Resistances this book examines the disciplining politics of race sexuality and modernity under securitized globalization including case studies on domestic workers in Hong Kong heteronormative development policies and responses to the crisis of social reproduction and colonizing responses to AIDS in sub Saharan Africa migration human rights and citizenship including studies on remittances the emergence of neoliberal subjectivities among rural Mexican women Filipina migrant workers and women s labor organizing in the Middle East and North Africa feminist resistance incorporating the latest scholarship on transnational feminism and feminist critical globalization movement activism including case studies on men s violence on the Mexico US border pan indigenous women s movements and cyberfeminism Providing a coherent and challenging approach to the issues of gender and the processes of globalization in the new millennium this important text will be of interest to students and scholars of IPE international relations economics development and gender studies

Gender and Global Restructurings Marianne H. Marchand, Anne Sisson Runyan, 2024-12-30 In the new edition of this bestselling text and scholarly reference new and revised chapters reflect shifts in the gendered classed racialized and sexualized nature of ongoing global restructurings Through fresh intersectional feminist analyses of widening health climate care inequality democracy and knowledge crises since the Great Financial Crisis and the deepening of many forms of capitalism this volume stresses the complexities of multiple restructurings which demand new ways to think across sightings sites and resistances Some of each of these elements are in every chapter which take the reader to different sightings such as of neoliberalizations neoauthoritarianizations multipolarizations financializations and migrations They also bring into view different geographic sites such as Hong Kong sub Saharan and North Africa Canada Mexico Bangladesh and the trade blocs of the European Union and the BRICs and different nongeographic sites such as productive and reproductive economies and the virtual economy of finance and digitalization They further highlight different forms of women s and feminist resistance such as local and national labor organizing regional and multipolar organizing reimagining infrastructure design and broadening noncapitalist community and solidarity economies Many chapters critique problematic constructions of women s empowerment and all challenge the machinations of neoliberal capital that undermine most women marginalized peoples and the planet Providing a coherent and challenging approach to contemporary gendered globalization better understood as global restructurings since the last edition over a decade ago Gender and Global Restructurings will be of interest to students and scholars of international political economy

international relations economics development and gender studies Women Workers and Global Restructuring Kathryn Ward, 2018-05-31 No detailed description available for Women Workers and Global Restructuring *Handbook on the International Political Economy of Gender* Juanita Elias, Adrienne Roberts, 2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy Spanning a wide range of theoretical traditions and empirical foci it explores the multifaceted ways in which gender relations constitute and are shaped by global politico economic processes It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global The chapters in this collection identify analyse critique and challenge gender based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order

Gender Inequalities in Global Restructuring Jane Jenson, 1996 The Gender Question in Globalization Francien van Driel, 2020-11-25 Orthodox views of globalization assume that it has the same features and impact everywhere i e the feminization of poverty labour and even peace As these ideas circulate in official documents and scientific writings they settle practically as truths This challenging and unique book is amongst the first to deconstruct these orthodoxies using a multi layered gender analysis where globalization is not treated as a linear and top down process with a known outcome and a pre conceived definition of gender Instead the authors scrutinize the dynamics of each context on its own merits including the agency of women and men resulting in unexpected and groundbreaking insights into the variety of differences apparent even in sometimes seemingly similar global processes Through this gender lens different and new meanings of gender appear rooted in multiple modernities The book will be a seminal contribution to debates in the fields of international labour sexuality identity feminism peace studies and migration *Handbook of the Sociology of Gender* Janet Saltzman Chafetz, 2006-11-22 During the past three decades feminist scholars have successfully demonstrated the ubiquity and omnirelevance of gender as a sociocultural construction in virtually all human collectivities past and present Intrapsychic interactional and collective social processes are gendered as are micro meso and macro social structures Gender shapes and is shaped in all arenas of social life from the most mundane practices of everyday life to those of the most powerful corporate actors Contemporary understandings of gender emanate from a large community of primarily feminist scholars that spans the gamut of learned disciplines and also includes non academic activist thinkers However while incorporating some cross disciplinary material this volume focuses specifically on socio logical theories and research concerning gender which are discussed across the full array of social processes structures and institutions As editor I have explicitly tried to shape the contributions to this volume along several lines that reflect my long standing views about sociology in general and gender sociology in particular First I asked authors to include cross national and historical material as much as possible This request reflects my belief that understanding and evaluating the here and now and working realistically for a better future can only be accomplished from a comparative perspective Too often American sociology has been both tempero and ethnocentric

Second I have asked authors to be sensitive to within gender differences along class racial ethnic sexual preference and age cohort lines

Gender Through the Prism of Difference Maxine Baca Zinn, Pierrette Hondagneu-Sotelo, Michael A. Messner, 2016 Gender Through the Prism of Difference adopts a global transnational perspective on how race class and sexual diversity are central to the study of sex and gender In contrast with other books in this area which tend to focus on US or European viewpoints this wide ranging anthology features many articles based on research done elsewhere throughout the world Now in its fifth edition the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience Featuring twenty eight new readings this edition covers compelling subjects like transgendered people intersex issues men and masculinity sexual and gender violence disabilities obesity reproductive technologies educational testing aging and ageism and Occupy Wall Street

The Routledge Handbook of Gender and Development Anne Coles, Leslie Gray, Janet Momsen, 2015-02-20 The Routledge Handbook of Gender and Development provides a comprehensive statement and reference point for gender and development policy making and practice in an international and multi disciplinary context Specifically it provides critical reviews and appraisals of the current state of gender and development and considers future trends It includes theoretical and practical approaches as well as empirical studies The international reach and scope of the Handbook and the contributors experiences allow engagement with and reflection upon these bridging and linking themes as well as the examining the politics and policy of how we think about and practice gender and development Organized into eight inter related sections the Handbook contains over 50 contributions from leading scholars looking at conceptual and theoretical approaches environmental resources poverty and families women and health related services migration and mobility the effect of civil and international conflict and international economies and development This Handbook provides a wealth of interdisciplinary information and will appeal to students and practitioners in Geography Development Studies Gender Studies and related disciplines

Gender and the Political Economy of Development Shirin M. Rai, 2013-05-28 Rai subjects the projects of both national development and globalization to searching scrutiny through a gender lens Her emphasis on the intersection of gender and other forms of inequality is very timely An excellent text for a wide range of courses in politics sociology and development studies Diane Elson University of Essex Shirin Rai pushes us to rethink development She brings us to ear a feminist analysis that grows out of her nuanced understanding of both China s and India s gendered experience Readers will find fresh ideas and sharp caveats about how patriarchy is sustained and fought over globally Cynthia Enloe Clark University This important book ranges across contemporary debates in the study of gender and political economy It situates differing gender based theories in the context of wider political and historical processes such as colonialism post colonialism Cold War politics the New World Order globalization and democratization Shirin Rai focuses on the gendered nature of the political economy of development and the shifts that have occurred as economies and states have moved from a development process that is state

focused to one that is clearly framed by globalization Differences between men and women and differences between women in contrasting social and geographical positions are explored in relation to their influence on political practice Rai considers how the structures of economic and political power frame men and women and examines the consequences of these gendered positionings She makes important connections between the political narratives of different levels of governance and examines the discourse of empowerment at these different levels The book concludes by reflecting on the way men and women are coping with the challenges of globalization and argues that women s movements need to re establish the link between the recognition of difference and the redistribution of economic and social resources if they are to maintain their radical edge This will be essential reading for undergraduates and graduates in politics development studies and gender studies

Gender and the Development Process in a Changing Global Environment Valentine M. Moghadam,1993 Doing Gender Diversity Rebecca F. Plante,Lis M. Mau,2018-04-17 This cutting edge reader demonstrates the multiple ways in which the universe of gender is socially culturally and historically constructed The selections focus on gender itself how gender operates socioculturally exists functions and is presented in micro and macro interactions In order to avoid balkanization the authors examine the various ways in which culture intersects with individuals to produce the range of presentations of self that we call gender from people born male who become adult men to lesbian women to transmen and everyone else on the diverse gender spectrum

Contested Concepts in Gender and Social Politics Barbara Hobson,Barbara Meil Hobson,Jane Lewis,Birte Siim,2002 The study of gender and social politics is an expanding area This text suitable for both undergraduate and postgraduate students looks at contested concepts and themes in the subject **(Re-)negotiating Boundaries: the Politics of Global Restructuring Concerning Gender and Development** Anuschka Goekoop,Universiteit van Amsterdam. ACCESS/GPIR/PSCW.,1997

Dogmas and Dreams: A Reader In Modern Political Ideologies, 3rd Edition Nancy S Love,2006 Ideologies legitimize politics outline basic values socialize individuals facilitate communication and mobilize people in short their study makes for a great entry into the study of political theory and the discipline of political science A source both of stability and instability concord and conflict the ideologies explored in this anthology show the dynamics of politics through the study of ideas With 18 of 49 selections new to this edition *Dogmas and Dreams* signals a renewed emphasis on political ideologies showing how public discourse for better or for worse reflects the complexity and chaos of an increasingly global world With Nancy Love s concise and insightful introductions original selections by influential thinkers challenge students to question their political convictions and thus discover and explore their own political beliefs

Gender Inequality Judith Lorber,2010 In *Gender Inequality Feminist Theories and Politics* Fourth Edition internationally renowned feminist Judith Lorber examines various evolving theories of gender inequality Tightly structured around Lorber s own paradigm of reform resistance rebellion this combination text reader acknowledges feminism s significant contributions to redressing gender inequality and celebrates its enormous accomplishments over the last forty

years It also documents feminism s ongoing political activism and with an awareness of postmodern and third wave trends points toward its future Significantly rewritten reorganized and updated the fourth edition features seventeen new readings and new sections on feminism in China India South Korea and Japan In addition the bulleted lists that introduce each type of feminism now include a critique as well as that particular feminism s theories on the sources of gender inequality its politics and its contributions An accessible engaging classic written by one of sociology s first feminists Gender Inequality Feminist Theories and Politics Fourth Edition is an ideal undergraduate and graduate text for courses in introductory feminism feminist theory and women s studies *Privatization and Democratization in Central and Eastern Europe and the Soviet Union* Valentine M. Moghadam,1992 **The Gender Implications of Global Restructuring in the North and the South** Canadian International Development Agency,Centre for Women's Development Studies (New Delhi, India),Conference Board of Canada,North-South Institute (Ottawa, Ont.),Canada-India Institutional Linkage Program,1996 Ateneo Student Review for the Social Sciences ,2005
