Robinson, 2006-12-12 How has the collapse of communism across Europe and Eurasia changed gender In addition to acknowledging the huge costs that fell heavily on women Living Gender after Communism suggests that moving away from communism in Europe and Eurasia has provided an opportunity for gender to multiply from varieties of neo traditionalism to feminisms from overt negotiation of femininity to denials of gender This development in turn has enabled some women in the region to construct their own gendered identities for their own political economic or social purposes Beginning with an understanding of gender as both a society wide institution that regulates people s lives and a cultural toolkit which individuals and groups may use to subvert or transvalue the sex gender system the contributors to this volume provide detailed case studies from Belarus Bosnia the Czech Republic Poland Romania Russia and Ukraine This collaboration between young scholars most from postcommunist states and experts in the fields of gender studies and postcommunism combines intimate knowledge of the area with sophisticated gender analysis to examine just how much gender realities have shifted in the region Contributors are Anna Brzozowska Karen Dawisha Nanette Funk Ewa Grigar Azra Hromadzic Janet Elise Johnson Anne Marie Kramer Tania Rands Lyon Jean C Robinson Iulia Shevchenko Svitlana Taraban and Shannon Woodcock Compulsory Motherhood, Paternalistic State? Oleksandra Tarkhanova, 2021-07-10 Honorable Mention 2022 Davis Center Book Prize in Political and Social Studies ASEEES This book examines Ukrainian state gender politics and investigates how gendered subject positions and policy discourses are constructed within and through social policies Set against the backdrop of the post Soviet transformations nation building neoliberalization and post Maidan political transformations policy and discursive changes reflect and reproduce the gender norms that not only derive from these ideological processes but also actively legitimize and

enable them This book considers how the relations between the state and woman citizen are changing from socialist paternalism to nationalist affective bond and neoliberal sacrificial citizenship which conceals women within families but also deeply relies on their unpaid work The book brings the Ukrainian case into the European debate on conservative neoliberal transformations and anti gender political sentiment and by doing that advances the feminist theorization on neoliberalism This book will be of particular interest to scholars in gender politics sociology of policy and post socialist or Eastern Gender, Equality and Difference During And After State Socialism Rebecca Kay, 2007-10-11 Examines gender as a socially and culturally constructed phenomenon which is influential in and influenced by state led policies and structures as well as social practices and relations and which shapes the experiences and lives of women and men This book explores the pivotal nature of the demise of the communist regimes Women & Gender in Central and Eastern Europe, Russia, and Eurasia: Russia, the non-Russian peoples of the Russian Federation, and the successor states of the Soviet Union Mary Fleming Zirin, 2007 Consumption and Social Change in a Post-Soviet Middle Class Jennifer Patico, 2008 What happens when your once dignified profession no longer supports a dignified lifestyle In 1990s St Petersburg teachers had to find out the hard way Although the institutions and ideologies of Soviet life situated them as cultured consumers contemporary processes of marketization and privatization left them unable to attain what they now considered to be respectable material standards of living In this fascinating new ethnographic study Patico examines the various ways in which teachers have adjusted their activities and interactions as consumers demonstrating how this has led to dramatic shifts in their assessments of their own lives and of the society around them Consumption and Social Change in a Post Soviet Middle Class presents a much needed look at the lives of ordinary people in Russia today in the process contributing both to postsocialist studies of social change and to broader anthropological theorizations of consumption and value Women's Roles and Agency in Russian Society Before and During the War in Ukraine Ann-Mari Sätre, 2025-02-15 Women's Roles and Agency in Russian Society Before and During the War in Ukraine tracks Russian societal development and transformation as reflected in women's experiences views and agency This book explores women's roles in various sectors of Russian society including the labor market in the 1990s entrepreneurship politics the social sector and their engagement in civil society The author employs interviews describing the experiences views and agency of Russian women in leading positions in the social services NGOs and elsewhere that serve to help vulnerable women Their stories make visible how women s agency has changed in the face of growing authoritarianism in the region Their work and position have become more perilous in the wake of the Russia Ukraine War and the increased attempts by authorities to cover up and silence social unrest **A History of Russia: Since 1855** Walter Moss, 2002 Women and Transformation in Russia Aino Saarinen, Kirsti Ekonen, Valentina Uspenskaia, 2013-11-26 This book looks at Russian women's mobilization and agency during the two periods of transformation the turn of the 19th 20th century and the 20th 21st century Bringing together the parallels

between the two great transformations it focuses on both the continuities and breaks and importantly it shows them from the grassroots point of view emphasizing the local factor Chapters show the international and transnational aspects of Russian women s agency of different spheres and different historical periods. The book goes on to raise new research questions such as the evaluation and comparison of Soviet society and contemporary Russia from the point of view of gender and women s Social Networks and Everyday Practices in Russia Anna-Maria Salmi, 2006 to Literature on Masculinity Diederik F. Janssen, 2008 International in scope this guide lists references by world region selected nations selected American ethnic minorities and Christianity and Judaism Specific ethnic minorities covered include American Indians African Americans and Asian Americans Sociological Research ,2002 Making Ends Meet in Contemporary Russia Simon Clarke, 2002 This book reviews the available data to analyse the forms scale and incidence of these phenomena The author finds that so called survival strategies merely represent a continuation of traditional Soviet practices He demonstrates that they disproportionately benefit the better off and that they do not provide a means by which those who have suffered misfortune can compensate for a fall in their earnings Instead he illustrates that most Russian households have adapted simply by cutting expenditure rather than by finding new sources of income The author concludes by arguing that the notion of a household survival strategy is inappropriate for the study of post Soviet society BOOK JACKET

Women and the Birth of Russian Capitalism Irina Mukhina, 2014 Little has been known acknowledged or studied about the shuttle trade one of the major manifestations of new Russian life of the 1990s The term itself seems to suggest something of a rather small scale Indeed the amount of each transaction in this trade was miniscule Individual peddlers traveled to near abroad with their bulging bags and brought back home for resale only as many goods as they could personally carry in their enormous suitcases The phenomenon hidden behind the term shuttle trade was by no means insignificant or small in scale By the mid 1990s it constituted the backbone of Russian consumer trade and was a substantial source of revenue The primary participants in the shuttle trade were women and in this enlightening study Mukhina assesses the reasons why women were attracted to this business the range of the personal experiences of female shuttle traders and the social impact of women s involvement in this sort of economic activity By analyzing the social and gendered dimensions of the shuttle trade the reader can begin to understand more broadly how gender shaped the transition period associated with the end of communist regimes in Eastern Europe Moreover the difficulties that these women faced highlight the gap between the rhetoric of free market economy and the actual market practices These women traders had to create and shape the physical market an open air space for their goods without the basic legislative and other provisions of market economies The shuttle trade became an avenue of female suffering but also of survival and even empowerment during the time that most Russians now call the wild 1990s Adapting to Russia's New Labour Market Sarah Ashwin, 2004-08-02 This book examines the new labour market in Russia looking especially at how changes in the market are affecting men and women

differently and how coping strategies are being developed by both men and women The Soviet and Post-Soviet Review ,2010 Trans-National Issues, Local Concerns and Meanings of Post-Socialism Moya Flynn, Rebecca Kay, Jonathan Oldfield, 2008-06-19 This volume examines societal change in the countries of Central and Eastern Europe CEE and Russia in a purposeful movement away from the generalized debated associated with transition theory and a simultaneous engagement with the complexities of everyday life throughout the region at the local level In addition to addressing the problematic nature of a discursive east west divide Trans National Issues Local Concerns and Meanings of Post Socialism brings together a range of academics and practitioners working on specific locally situated concerns including drug use HIV AIDS health identity and welfare as well as issues related to minority ethnic groups While drawing attention to the salience of a common socialist past these empirically rich chapters highlight the importance of moving beyond simplistic east west analytical framework in order to acknowledge the multifaceted societal realties evident with the former socialist countries of CEE and Russia Philological Papers ,2006
