Eves Pilgrimage A Womans Quest For The City Of God:

Encountering Eve's Afterlives Holly Morse, 2020-02-06 *Encountering Eve's Afterlives* A New Reception Critical Approach to Genesis 2-4 aims to destabilize the persistently pessimistic framing of Eve as a highly negative symbol of femininity within Western culture by engaging with marginal and even heretical interpretations that focus on more positive aspects of her character. In doing so, this book questions the myth that orthodox popular readings represent the true meaning of the first woman's story and explores the possibility that previously ignored or muted rewritings of Eve are in fact equally valid interpretations of the biblical text. By staging encounters between the biblical Eve and rewritings of her story, particularly those that help to challenge the interpretative status quo, this book reframes the first woman using three key themes from her story: sin, knowledge, and life. Thus, it considers how and why the image of Eve as a dangerous temptress has gained considerably more cultural currency than the equally viable pictures of her as a subversive wise woman or as a mourning mother. The book offers a re-evaluation of the meanings and the myths of Eve, deconstructing the dominance of her cultural incarnation as a predominantly flawed female and reconstructing a more nuanced presentation of the first woman's role in the Bible and beyond.

Women, Sainthood, and Power Oliva M. Espín, 2019-10-23 *Women, Sainthood, and Power* explores the life stories of an international gallery of female saints from the wide-angle lens of several intellectual disciplines and the close-up view afforded by keenly observed fine points of character. Oliva M. Espín combines multidisciplinary scholarly research with a novelist's eye for detail to create vivid portraits of saints in their times and places. Using her own memories, Espín argues that there are lessons to learn today from the lives of these exceptional women. This book is recommended for scholars and students of psychology, religious studies, gender and women's studies, history, cultural studies, and ethnic studies.

The Female Baroque in Early Modern English Literary Culture Gary Waller, 2025-10-01 *The Female Baroque in Early Modern English Literary Culture* is a contribution to the revival of early modern women's writings and cultural production in English that began in the 1980s. Its originality is twofold: it links women's writing in English with the wider context of Baroque culture and it introduces the issue of gender into discussion of the Baroque. The title comes from Julia Kristeva's study of Teresa of Ávila that the secrets of Baroque civilization are female. The book is built on a schema of recurring Baroque characteristics: narrativity, hyperbole, melancholia, kitsch, and plateauing, pointing less to surface manifestations and more to underlying ideological tensions. The crucial concept of the book is developed in detail. Particular attention is given to Gertrude More, Mary Ward, Aemilia Lanyer, The Ferrar Collet women, Mary Wroth, the Cavendish sisters, Hester Pulter, Anne Hutchinson, and finally Margaret Cavendish and Aphra Behn, whose lives and writings point to the developing cultural transition to the Enlightenment.

Women and Christianity Cheryl A. Kirk-Duggan, Karen Jo Torjesen, 2009-12-22 This work explores the impact of Christian women as scholars and leaders representing the ethnic, national, racial, and denominational diversity of Christianity today on all aspects of life. *Women and Christianity* explores the

experiences of women and how their daily lives interface with their spirituality and faith Beginning with a historical overview the book presents essays grouped under five broad headings women family and environment socioeconomics politics and authority body mind and spirit sex power and vulnerability and women world view and religious practice These essays focus on multiple aspects of women s experiences and contemporary Christian realities involving the interrelatedness of faith thought and activism across many strata of global society They wrestle with the daily experiences and challenges women face integrating their lives as women of faith as they are advocates experience agency and work for mutuality It shows how in all these roles women must negotiate power injustice and the impact of sexism as they work within systemic oppression amid a patriarchal system nevertheless championing change and refusing to be severely compromised **Women & Christianity:**
