## **Evidence Versus Politics Exploiting Research In Uk Drug Policy Making:**

**Evidence versus politics** Monaghan, Mark, 2011-01-26 The initial enthusiasm for the evidence based policy agenda has recently been replaced with increasing scepticism Critics point out that policy based evidence characterises the relationship more accurately Analysing the role and nature of evidence in the context of UK drug policy and drawing on a range of theories of the policy process and research utilisation this book pursues an alternative route for conceptualising the evidence and policy connection which moves beyond zero sum statements of evidence based policy and policy based evidence It will be essential reading for students and researchers in public policy and criminology **Evidence Versus Politics** Mark Peter Monaghan, 2011 This book provides a new model for evidence based policy in UK drug policy and will be essential reading for students and researchers in public policy and criminology Change or Continuity in Drug Policy Julie

Tieberghien, 2017-07-06 While evidence based policy is an emerging rhetoric of the desire by and for governments to develop policies based on the best available evidence drug policy is an area where particular challenges abound This book is a detailed and comprehensive examination of the contours of drug policy development through the consideration of the particular roles of science media and interest groups Using Belgium as the primary case study supplemented by insights gathered from other countries the author contributes to a richer understanding of the science policy nexus in the messy real world complexities of drug policy Change or Continuity in Drug Policy The Roles of Science Media and Interest Groups is the first book to bring together policy and media theories knowledge utilisation models and public scholarship literature As such the book provides unique insights relevant to aspects of change or continuity in drug policies in Europe and beyond This book will be of great value to undergraduate and graduate students as well as to academics practitioners and policymakers with interest in the science policy nexus with a particular focus on the drug policy domain **Navigating the**

**Research-Policy Relationship** Mark Rickinson, Marcia McKenzie, 2023-09-26 Drawing on studies in environmental and sustainability education this book brings together new work that has explored the research policy interface in varied contexts and from diverse perspectives It will be beneficial to those interested in understanding the interface between research and policy The relationship between research and policy has become an increasing focus for theoretical inquiry empirical investigation and practical development across many different fields This volume highlights new empirical insights theoretical ideas practical examples and methodological approaches for understanding navigating and developing more productive research policy relationships This book will be beneficial to anyone who is interested in understanding the interface between research and policy The chapters in this book were originally published in the journal Environmental Education Research *The SAGE Handbook of Drug & Alcohol Studies* Torsten Kolind, Betsy Thom, Geoffrey Hunt, 2016-10-20 With contributions from leading international academics across the social sciences this accessible handbook takes a critical look at the key theories disciplinary approaches contemporary issues and debates in the field Part I Central

Social Science Theories Drug and Alcohol Studies Part II Pillars in Social Science Drug and Alcohol Studies Part III Controversies and New Approaches in Social Science Drug and Alcohol Studies This Handbook is an excellent reference text for the growing number of academics students scientists and practitioners in the drug and alcohol studies community

Social Policy Review 29 John Hudson, Catherine Needham, Elke Heins, 2017-06-28 This edition presents an up to date and diverse review of the best in social policy scholarship over the past 12 months from a group of internationally renowned authors This collection offers a comprehensive discussion of some of the most challenging issues facing social policy today including an examination of Brexit the Trump presidency post truth migration the lived experiences of food bank users and the future of welfare benefits Published in association with the SPA the volume will be valuable to academics and students within social policy social welfare and related disciplines

Drugs Disorder by Design Elizabeth Peatfield, 2025-12-24 This book critically examines the failures and contradictions of UK drug policy exposing how current laws disproportionately target marginalised communities while overlooking the widespread harms of legal substances like alcohol Drawing on the author's unique experiences as a magistrate and bouncer alongside academic research policy analysis and lived experience testimonies it reveals the systemic injustices embedded in drug enforcement By contrasting the treatment of so called problematic versus functional drug users the book highlights how class race and power shape who is punished and who is protected It also interrogates the influence of moral panic media narratives and political ideology on drug legislation questioning the absence of evidence based harm reduction approaches Ultimately the book aims to challenge prevailing assumptions inform public discourse and advocate for a more just ethical and effective drug policy rooted in health evidence and equality

*The Handbook of Global Health Policy* Garrett W. Brown, Gavin Yamey, Sarah Wamala, 2014-06-03 The Handbook of Global Health Policy provides a definitive source of the key areas in the field It examines the ethical and practical dimensions of new and current policy models and their effect on the future development of global health and policy Maps out key debates and policy structures involved in all areas of global health policy Isolates and examines new policy initiatives in global health policy Provides an examination of these initiatives that captures both the ethical critical as well as practical empirical dimensions involved with global health policy global health policy formation and its implications Confronts the theoretical and practical questions of who gets what and why and how when and where Captures the views of a wide array of scholars and practitioners including from low and middle income countries to ensure an inclusive view of current policy debates

Why Isn't Government Policy More Preventive? Paul Cairney, Emily St Denny, 2020-01-09 If prevention is better than cure why isn't policy more preventive Policymakers only have the ability to pay attention to and influence a tiny proportion of their responsibilities and they engage in a policymaking environment of which they have limited understanding and even less control This simple insight helps explain the gap between stated policymaker expectations and actual policy outcomes Why Isn't Government Policy more Preventive uses these insights to produce new empirical studies of wicked

problems with practical lessons The authors find that the UK and Scottish governments both use a simple idiom prevention is better than cure to sell a package of profound changes to policy and policymaking Taken at face value this focus on prevention policy seems like an idea whose time has come Yet prevention is too ambiguous until governments give it meaning No government has found a way to turn this vague aim into a set of detailed consistent and defensible policies This book examines what happens when governments make commitments without knowing how to deliver them It compares their policymaking contexts roles and responsibilities policy styles language commitments and outcomes in several cross cutting policy areas including health families justice and employability to make sense of their experiences The book uses multiple insights from policy theory to help research and analyse the results The results help policymakers reflect on how to avoid a cycle of optimism and despair when trying to solve problems that their predecessors did not *The Times Index* ,2009 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Choice** ,2006 *Whitaker's Books in Print* ,1998

**Evidence in European Social Drug Research and Drug Policy** Aileen O'Gorman,Gary R. Potter,Jane Fountain,2016

**Drug Policy Constellations** Alex Stevens,2024-01-30 How is UK drugs policy made and why does it so often seem irrational when considering what works in reducing drug related harms This book explains how the concept of drug policy constellations the loosely concerted policy actors with shared moral commitments that influenced policy outcomes explains why there is no such thing as evidence based drug policy Drawing on his participation in high level policy discussions and a novel approach to policy analysis Stevens presents three recent cases involving key issues in UK illicit drug policy medical cannabis drug related deaths and the government s 10 year drug strategy *Analysis of UK Drug Policy* Peter Reuter,2007

**The Europeanization of UK Drug Policy** ,2011 **Governing Human Life** Ondrej Ditrych,Constanza Sánchez

Avilés,2023-08-31 This book is a critical analysis tracing the operation of biopolitical mode of power in the global field of drug control Through a series of theoretically framed investigations that relate current drug control policies to the broader frame of vital politics it attends to the relationship of drug control state of exception and democracy exploring how pressures of resurgent sovereignty and neoliberal governmentality imprint on drug policy Then it turns attention to the relationship of power and knowledge with a particular focus on the evidence based approaches that may at times sustain rather than challenge prohibitionist drug control policies Finally it looks at how the global drug control dispositif shapes life on one of Europe s internal peripheries These investigations are intended to illuminate the operation of the drug control dispositif and its far reaching bio political effects in order to expand the space for devising more competent and compassionate public policies *The Politics of Drugs* Susanne MacGregor,2017-07-19 This book explores the complexities of drugs policy in Britain contradicting the over simplified representation found in the public sphere It focuses on developments in Britain since the Misuse of Drugs Act of 1971 covering debates at national level and local experiences set in international and European

context emphasizing the interconnectivity between people and countries in this global age Several institutions and networks are examined to illustrate how they shape the policy process as vessels for ideas and interests and as spaces for individual action MacGregor discusses arguments around drug policy reform in particular the role of politicians the media and advocacy organizations Her aim is to encourage a more open and intelligent conversation on drugs policy and to question whether the institutional architecture in place is fit for purpose given the great increase of substances available and the underlying variety of conditions and interests currently competing for attention and resources The is a must read for all scholars of Politics Medicine and Social Science interested in the current debate raging around British Drug Policy
