Evil After Postmodernism Histories Narratives And Ethics:

Evil After Postmodernism Jennifer L. Geddes, 2001 This volume brings together six essays by a group of distinguished scholars in a stimulating and lucid investigation into the meaning of evil in the light of postmodern thought and the enormous cultural and social changes of the modern age

The Passing of Postmodernism Josh Toth, 2010-03-24 The Passing of Postmodernism addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of The Mourning After Attending the Wake of Postmodernism

Literature of the Global Age Maurizio Ascari, 2014-01-10 In an age of world citizenship literary scholarship is focusing increasingly on texts which communicate effectively over cultural lines Advocating a planetary approach to contemporary literature this critical text examines eight novels from eight cultures The writers discussed are Julian Barnes Magda Szabo Abraham B Yehoshua Ian McEwan W G Sebald Murakami Haruki Jonathan Safran Foer and Azar Nafisi Focusing on the authors encouragement to meditate on life's most pressing issues the essays here invite us to reevaluate postmodernism as a current category

On Stories Richard Kearney, 2002-09-09 Stories offer us some of the richest and most enduring insights into the human condition and have preoccupied philosophy since Aristotle On Stories presents in clear and compelling style just why narrative has this power over us and argues that the unnarrated life is not worth living Drawing on the work of James Joyce Sigmund Freud's patient Dora and the case of Oscar Schindler Richard Kearney skilfully illuminates how stories not only entertain us but can determine our lives and personal identities He also considers nations as stories including the story of Romulus and Remus in the founding of Rome Throughout On Stories stresses that far from heralding the demise of narrative the digital era merely opens up new stories

The memory of catastrophe Peter Gray, Kendrick Oliver, 2024-07-30 Investigates the dynamic relationship between experiences of profound social and cultural disruption and human memory Critical comparisons are made across a wide variety of catastrophic experiences and memories not just of war but also of massacre genocide rebellion famine partition shipwreck and fire The book is an accessible showcase for a wide range of methodological approaches to the study of memory including literary studies cultural studies participant observation and historical studies and uses a variety of oral visual and written sources Offers a diverse chronological and geographical range

of catastrophic cases from seventeenth century England to the recent conflicts in the former Yugoslavia from Ireland to the Indian sub continent from Mexico to wartime Leningrad Well written and accessible a fascinating read **Der Wahre Historiker** Caitríona Leahy,2007 *Humbling Faith* Peter Admirand,2019-03-22 This is a book hoping to embolden doubt and sharpen unanswerable questions all in the context of loving the self and one another Ridiculously it believes the world can be healed through such a hope It is especially addressed to those allergic to the word faith and others who feel confident and proud in the faith they profess or system of thought they live by Humbling Faith helps us see how our beliefs or non beliefs our belongings and identities often remain flawed myopic self absorbed unredeemed The hope is that such awareness of our brokenness can fuel greater ethical partnerships and dialogue promoting peace from our recognized need for one another Humbling Faith is not only a resource towards humbling other faiths but most importantly your own **The Hedgehog Review** ,2001 **International Journal of Group Tensions** ,2002 **The Tragic Idea** Vassilis Lambropoulos,2006-06-22 Today we attribute a tragic quality to many things works experiences values events but we forget how modern this idea is This book traces the rise of the tragic idea from early Romanticism to late Modernism Focusing on succinct major statements it maps one of the most absorbing philosophical conversations in modernity the debate about the tragic meaning of life This conversation has crossed geographical linguistic ideological and religious borders to bring thinkers together in an inquiry into the inner contradictions of liberty While originally the tragic idea stood for the conflict of freedom and necessity it gradually absorbed other irreconcilable dialectical collisions It turned tragedy from a genre into a problem for ethics aesthetics criticism classics politics anthropology and psychology to name but a few Scholars in these fields today will be fascinated to find human responsibility caught in the tragic web of modern dilemmas Classicists in particular will be intrigued by the story of how over the last two centuries tragedy has acquired a second parallel life away from the stage **A Selected Socio-legal Bibliography on Ethnic Cleansing, Wartime Rape, and Genocide in the Former Yugoslavia and Rwanda** Hilmī Zawātī,Ibtisam M. Mahmoud,2004 The aim of this bibliography comprising more than 6 000 entries is to facilitate and promote the research and writing of legal scholars students and human rights activists in the fields of ethnic cleansing genocide and sexual violence during national and international armed conflicts It provides an overview of carefully selected socio legal materials published in English and other European languages on ethnic cleansing genocide and sexual violence during armed conflict in the Former Yugoslavia and Rwanda This timely project which commemorates the tenth anniversary of the ethnic cleansing and genocide in the Former Yugoslavia and Rwanda has a great deal of interest to academics and those who are active in conflict dispute settlement efforts in war torn areas of the world The entire bibliography is alphabetically organized and sequentially numbered Entries are arranged by format under 11 main headings with each heading divided into different sub headings *Encyclopedia of Religion* ,2005 [Postmodern Studies](#) ,2006 **Choice** ,2006 *What's Wrong with Us?* Colin Feltham,2007-08-13 What is the scope of the human condition

What are the origins of universal human problems What is wrong with education marriage religion and therapy How likely are we as humans to correct these problems Colin Feltham Professor of Critical Counselling Studies at Sheffield Hallam University UK and member of Crisis Forum for the Study of Crisis in the 21st Century argues that the current crises of the human condition are merely symptoms of a chronic wayward tendency otherwise branded in What's Wrong With Us as anthropathology The origins of human suffering are traced with interdisciplinary adeptness exploring the contemporary issues of human violence deceit patriarchy rapaciousness child abuse irrationality and capitalist greed Our human anthropathology is assessed as being at the heart of such problems This book breaks new ground in bringing many anthropathological themes together in a sustained frontal attack on dangerous human anachronisms We cannot be sure that we can solve our problems but we can be sure that denying them will protract and worsen the situation for both ourselves and our descendants A challenging and enlightening book for students and academics in counselling and psychotherapy psychology sociology philosophy and religion Also a gripping read for those with a general interest in our current social state
