In Georgia 200 000 evictions were filed in 2013 alone and in San Francisco evictions increased by 38 percent between 2010 and 2013 After this the author writes about the personal consequences of eviction Some of these are loss of possessions and loss of financial income Children of evicted parents will either have to move to a different school or they miss school altogether Many times when a person loses their home they also lose their job Eventually evictions may lead to depression anxiety To be continued Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book *Summary* ,2020-04-28 A Complete Summary of Evicted Evicted Poverty and Profit in the American City is a book written by Matthew Desmond The book is about eviction and the side effects that eviction can have on a person or community Eviction which involves poverty and the loss of everything that a person once knew has an enormous emotional impact on a person When someone loses their home it is hard if not impossible to continue on living because there are many things which inevitably follow and none of them are positive That is why the author decided to write about these things that unfortunately become part of people s lives The shelter or home is something that all of us want to have and something that we are ready to defend even with our lives For this reason when people lose their home it creates a huge impact on them Some of them recover and eventually find a job and a new life but some people never recover and remain homeless There are two main characters in this book One of them is a landlord named Sherrena Tarver who rents houses for those who cannot afford to rent for themselves The other one is a man named Tobin Charney who runs a trailer park The rest of the book is about sociological studies into the problem of eviction The book presents us with interesting insight into the lives of those who lost everything and its sociological dimension makes it very inviting literature Here Is A Preview Of What You Will Get In Evicted you will get a full understanding of the book In Evicted you will get an analysis of the book In Evicted you will get some fun multiple choice quizzes along with answers to help you learn about the book Get a copy and learn everything about Evicted *Summary - Evicted* Instant-Summary,2018-01-31 Evicted Poverty and Profit in the American A Complete Summary Evicted Poverty and Profit in the American City is a book written by Matthew Desmond The book is about eviction and the side effects that eviction can have on a person or community Eviction which involves poverty and the loss of everything that a person once knew has an enormous emotional impact on a person When someone loses their home it is hard if not impossible to continue on living because there are many things which inevitably follow and none of them are positive That is why the author decided to write about these things that unfortunately become part of people s lives The shelter or home is something that all of us want to have and something that we are ready to defend even with our lives For this reason when people lose their home it creates a huge impact on them Some of them recover and eventually find a job and a new life but some people never recover and remain homeless There are two main characters in this book One of them is a landlord named Sherrena Tarver who rents houses for those who cannot afford to rent for themselves The other one is a man named Tobin Charney who runs a trailer park The rest of the book is about

Alexander, 2017 Matthew Desmond's *Evicted: Poverty and Profit in the American City* is a triumphant work that provides the missing socio legal data needed to prove why America should recognize housing as a human right This Essay argues that Desmond's mostly federal legal prescriptions are insufficient to help all Americans realize the full promise of the human right to housing American cities should also enact local ordinances that legitimate new housing arrangements in order to fully realize the human right to housing Part I argues that *Evicted*'s stories show that the law operates differently in poor housing markets than in traditional markets and that poor residents are differently situated in low income housing markets based upon their age sex gender race and ethnicity *Evicted* also reveals that poor tenants and their landlords make informal bargains that often undermine the goals of numerous housing related laws and sacrifice poor residents dignity Part II builds on Desmond's legal and policy prescriptions by providing examples of how cities can codify the right to housing at the local level through resolutions and ordinances that legitimate more equitable housing arrangements Part II further asserts that the right to housing is a legal tool that can help localities manage and effectively internalize the mounting economic and social costs of increasing inequality in American housing markets *Pentecostal Insight in a Segregated US City* Frederick Klaitz, Michael Richbart, LaShekia Chatman, 2022-06-16 In *Pentecostal Insight in a Segregated U S City* Frederick Klaitz compares how members of one majority white and two African American churches in Buffalo New York receive knowledge from God about their own and others life circumstances In the Pentecostal Christian faith believers say that they acquire divinely inspired insights by developing a relationship with God But what makes these insights appear necessary This book offers a novel approach to this question arguing that the inspirations believers receive from God lead them to take critical stances on what they regard as ordinary understandings of space time care and personal value Using a shared Pentecostal language believers occupying different positions within racial class and gender formations reflect in divergent ways on God's designs In the process they engage critically with late liberal imaginaries of eventfulness and vitality to envision possibilities of life in a highly unequal society This text incorporates commentaries on Klaitz's ethnography by LaShekia Chatman and Michael Richbart junior scholars who have also studied and been part of Pentecostal communities in Buffalo **Essentials of**

Segregation by Design Catalina Freixas, Mark Abbott, 2018-10-24 This book discusses racial segregation in American cities. Using St. Louis as a point of departure, it examines the causes and consequences of residential segregation and proposes potential mitigation strategies. While an introduction, timeline, and historical overview frame the subject, nine topic-specific conversations between invited academics, policy makers, and urban professionals provide the main structure. Each of these conversations is contextualized by a photograph, an editor's note, and an essay written by a respected current or former St. Louisan. The essayists respond to the conversations by speaking to the impacts of segregation and by suggesting innovative policy and design tactics from their professional or academic perspective. The purpose of the book therefore is not to provide original research on residential segregation but rather to offer a unique collection of insightful transdisciplinary reflections on the experience of segregation in America and how it might be addressed. **Guide to Michael Desmond's**
