Evidence Pavel Wonsowicz, 2022-04-13 What the Best Law Teachers Do Michael Hunter Schwartz, Gerald F. Hess, Sophie M. Sparrow, 2013-08-20 This pioneering book is the first to identify the methods strategies and personal traits of law professors whose students achieve exceptional learning Modeling good behavior through clear exacting standards and meticulous preparation these instructors know that little things also count starting on time learning names responding to emails Evidence-Based Adjunctive Treatments William O'Donohue, Nicholas A. Cummings, 2011-04-28 Adjunctive treatments in which patients are provided additional modalities that can assist in their behavior change or the maintenance of their behavior change i e telehealth psychoeducation consumer driven treatment planning have a useful role in addressing problems that can't be solved by face to face meetings The adjunctive therapies covered in this book are all based on improving patient's self management of their problems or the factors that exacerbate their problems The book is broadly organized into two sections The first gives a broad overview of the major adjunctive modalities and the second concentrates on a systematic description of their role in the treatment of a number of special populations while providing practical suggestions for the timing and coordination for the use of the adjunctive therapies discussed in the book **Current Publications in Legal and Related Fields**, 2009 **Casebook of Traumatic Injury Prevention** Richard Volpe, 2019-12-30 This casebook profiles exceptional traumatic injury prevention programs from all over the globe Its detailed description and analysis employ a multi stage process of identifying evaluating and casing effective prevention practices The case studies reflect how legislative and regulatory information impact prevention efforts and provide insight into how national centers for injury prevention and control inform prevention practices on countrywide levels The authors work with outcome based research criteria to select and develop their comprehensive and contextually aware profiles of the programs All included case studies follow the BRIO approach Background Resources Implementation and Outcome a model designed to provide a consistent way of describing programs that have been evaluated and found to be exceptional practices The scope of the Casebook ranges across The challenge of traumatic injury prevention Sports and recreation related traumatic injury prevention Fall related traumatic injury prevention Road traffic related traumatic injury prevention Traumatic injury prevention within complex systems In its recognition of traumatic injury prevention across the lifespan as a critical and complex public health challenge the Casebook of Traumatic Injury Prevention promises to be an influential and authoritative resource for professionals and students in public health safety injury prevention medicine psychology sociology nursing and engineering Government agencies and institutions such as the Centers for Disease Control and Prevention CDC public health departments and safety associations also would find the Casebook relevant to their work Beyond Evidence-Based Psychotherapy George W. Rosenfeld, 2008 Teaches students through a common factors point of view combining research case studies multiple treatment orientations and a perspective that describes the personal growth of a

clinician's career This book offers students of child and adolescent psychotherapy insights into the practice of a child psychologist

Understanding People in Context Ellen P. Cook, 2015-01-12 This exceptional book emphasizes uniquely designed interventions for individual counseling group work and community counseling that consider clients as individuals within the contexts of families cultural groups workplaces and communities Part I describes the theoretical research base and major tenets of the ecological perspective and its applications to counseling practice In Part II experts who have used the ecological perspective in their work discuss its usefulness in various applications including counseling diverse clients with specific life challenges assessment diagnosis and treatment planning and in schools substance abuse programs faith based communities and counselor training programs Requests for digital versions from ACA can be found on www.wiley.com To purchase print copies please visit the ACA website Reproduction requests for material from books published by ACA should be directed to publications@counseling.org

Pharmacology and Treatment of Substance Abuse Lee M. Cohen, Frank L. Collins, Jr., Alice Young, Dennis E. McChargue, Thad R. Leffingwell, Katrina L. Cook, 2013-03 Given the prevalence of substance abuse in general clinical populations it is important for healthcare providers to have knowledge and skill in the treatment of these problems Evidence Based Practice EBP involves the integration of the best evidence with clinical expertise and patient values This text is designed as a bridge for practitioners that will provide up to date evidence reviews as well as information on how to best keep up with emerging trends in the field The editors have gathered expert authors to provide a much needed summary of the current status of the evidence based practice for both the assessment and treatment of specific substance use disorders

Casebook of Exemplary Evidence-Informed Programs that Foster Community Participation After Acquired Brain Injury Richard Volpe, 2013-06-01 Acquired brain injury ABI describes damage to the brain that occurs after birth caused by traumatic injury such as an accident or fall or by non traumatic cause such as substance abuse stroke or disease Today's medical techniques are improving the survival rate for people of all ages diagnosed with ABI and current trends in rehabilitation are supporting these individuals returning to live attend school and work in their communities Yet strategies on the best way of providing community participation vary among rehabilitation experts Because many of survivors of ABI do not and will not return to the status quo of their former lives it is important to examine what constitutes best and promising practices in this area This casebook is the world's first compilation of evidence informed programs that foster community participation for people of all ages with brain injury With this review we elicited and carefully examined existing programmatic efforts that combine emphasis on the individual the social and the service systems in a way that captures community participation as a complex process of interactive change in the person environment relationship programs that do not divorce ABI survivors from their contexts and where participation efforts facilitate positive change in the social and political context We considered community based programs to be programs where individuals and families actively participate in their own therapy rehabilitation and take responsibility for their own health or that of a family community

member Each case study chapter depicts a program chosen on its extraordinary merits to provide community participation to its clients The chapters are cowritten by the stakeholder and a researcher giving a complete perspective of how the program was established and continues to operate and provides evidence of excellence
