

My Autobiography

I am Adrian Carl V. Dumat-ol. I am currently studying at Lanao del Norte Comprehensive High School. I'm working on an autobiographical essay about a life event that motivates me to study harder. I am writing about my experience when I found out that I have half siblings. That incident had a huge impact on me.

It all happened one summer day in 2011 when I was still 6 years old. At that time, I had no idea that I had a half sibling. One day, my father told me to go with him because we were going to visit my aunt. While we were traveling, my father told me that there was something that I needed to know, and he never told me that it was all about my half-siblings. When we arrived at my aunt's house, I noticed my big sister, and at that time, I didn't know she was my half sibling. All I knew is that we have the same mother, which is not.

While we were talking, father revealed a family secret to me that I had not known since I was born. That is, my older sister and I are not purely siblings because we had different mothers. I didn't believe them at first, but as I looked into their eyes, they seemed very serious. My half-sister spoke to me, and she confirmed everything our father had said, and she reassured me that even though we have different mothers, we are still siblings. I feel better and relieved after we talk.

Several years have passed, and my half siblings are changing the way they treat us. So I keep my distance and stop contacting them. They asked our father why I was not contacting them. Back then, I was the one who was going to chat with them first or contact them. They confronted me about why I was avoiding them, and I told them that they were the first ones who changed the way they treated us.

One day, my half siblings start making rumors that because of my mother, our father is starting to lose money, which is not true. So I was stunned by what they said. I asked them why they started to spread rumors about my mother. They made a lot of excuses and now we are still on bad terms.

Even though many problems happen, I need to stay strong and not be affected by what happened. I need to respect my elders, even if they have done bad things to me. Do not put your faith in all of their promises because there is a chance they will break them. Always choose good deeds because of all of the things you have done, God will always watch you.

A Novel Marketplace Evan Brier, 2012-02-25 As television transformed American culture in the 1950s critics feared the influence of this newly pervasive mass medium on the nation's literature. While many studies have addressed the rhetorical response of artists and intellectuals to mid twentieth century mass culture the relationship between the emergence of this culture and the production of novels has gone largely unexamined. In *A Novel Marketplace* Evan Brier illuminates the complex ties between postwar mass culture and the making, marketing and reception of American fiction. Between 1948 when television began its ascendancy and 1959 when Random House became a publicly owned corporation the way American novels were produced and distributed changed considerably. Analyzing a range of mid century novels including Paul Bowles's *The Sheltering Sky*, Ray Bradbury's *Fahrenheit 451*, Sloan Wilson's *The Man in the Gray Flannel Suit* and Grace Metalious's *Peyton Place*, Brier reveals the specific strategies used to carve out cultural and economic space for the American novel just as it seemed most under threat. During this anxious historical moment the book business underwent an improbable expansion by capitalizing on an economic boom and a rising population of educated consumers and by forming institutional alliances with educators and cold warriors to promote reading as both a cultural and political good. *A Novel Marketplace* tells how the book trade and the novelists themselves successfully positioned their works as embattled holdouts against an oppressive mass culture even as publishers formed partnerships with mass culture institutions that foreshadowed the multimedia mergers to come in the 1960s. As a foil for and a partner to literary institutions mass media corporations assisted in fostering the novel's development as both culture and commodity.

Generic Instability and Identity in the Contemporary Novel Madelena Gonzalez, 2009-12-14 Contemporary aesthetics is characterized by generic mixing on the level of both form and content. The barriers between different media and different genres have been broken down in all literary art forms whether it be theatre, poetry or the novel. While the publishing industry is increasingly keen to label novels according to genre or sub genre (Chick Lit, Lad Lit, Gay fiction, Scottish fiction, New Historical Fiction, Crime fiction, Post 9/11 Fiction) the novel itself and novelists persist in resisting generic

categorizations as well as inviting them Is this a move towards a new artistic liberty or does it simply testify to a confusion of identity The aesthetic supermarket evoked by Lodge in 1992 does indeed seem to sum up the variety of choices open to writers of fiction today and a literary landscape characterized by crossover and hybridization The familiar dialectic of realism versus experimentation has segued into a middle ground of consensus which is neither radical nor populist but both at the same time The techniques of postmodernism have become selling points for novels and the Postmodern Condition itself seems little more than a narrative posture marketed for an increasingly wide audience Whether they have recourse to a repertoire of imposture Amis Self Winterson as Richard Bradford would have it The Novel Now 2007 in other words the abandonment of any obligation to explain or justify their excursions from credulity and mimesis or like the New Puritans make use of narrative minimalism in order to foreground their own peculiarities contemporary novelists consistently draw attention to the fundamental instability of narrative process and genre The much feared apocalypse of the novel has failed to take place with the arrival of the new millennium but generic game playing and flickering narrative hesitation and uncertainty continue to pose the question of what constitutes a novel today and to challenge its identity in a world where all culture is increasingly public increasingly contested and increasingly multifarious Thanks to theoretical approaches as well as analyses of specific works this collection of essays aims to examine the concepts of generic instability and cross fertilization of narrative postures and impostures and their constant redefinition of identity which contaminates the very concept of genre It demonstrates the diversity of generic practices in the novel today and furnishes us with undeniable evidence of how generic instability is fundamentally constitutive of the contemporary novel s identity **Write Fantastic**

Radical Realism, Autofictional Narratives and the Reinvention of the Novel Fiona J. Doloughan, 2023-02-14 This monograph treats modes of fictionality in contemporary auto biography, memoir, and autofiction. Adopting a case study approach, it demonstrates the extent to which contexts of production and reception are important in framing generic expectations with respect to the representation of lived experience and in helping to determine the status of the narrator as fictional persona or implied author.

How to Publish an Indie Book Asymmetrical Press, 2015-04-04 We started Asymmetrical for a laundry list of reasons, but all those reasons point back to one underlying goal: Adding Value. If Asymmetrical has a single objective, that's it: We know that if we add enough value to enough people through Asymmetrical, then we'll be able to raise the tide of Independent Publishing, not just our own work, but Indie Publishing as a whole. That way, everyone benefits: a rising tide lifts all boats. Adding Value is the reason we've put together this Guide. We want to prove to you that you needn't worship at the altar of the old guard, that you needn't submit to anyone. You can successfully publish on your own, soup-to-nuts, controlling every morsel of the process. The present day is the most exciting time in history to be an author. No longer are you beholden to the gatekeepers; no longer must you compromise your art. For the first time in publishing history, you are in control. We know this first-hand. The authors of this Guide aren't some hacks who just write about writing. Nope. Rather, when we weren't happy with the publishing landscape, we took matters into our own hands. We refused to wait for someone else's permission to publish our work. And guess what? We've been successful. We've published over 30 books, nonfiction, fiction, and memoirs, several of which have been bestsellers. We've toured internationally, and we've established audiences larger than most traditionally published authors. But that's because we're not just authors, and neither are you. Over the course of this Guide, we'll show you, based on our own experience as successful independent authors, how to publish an indie book. This book includes six chapters: 1. How to Write a Book 2. How to Edit and Proofread Your Book 3. How to Create a Book Cover
