Family Transition Yugoslav Villages Princeton:

Family in Transition Vera St. Erlich, 2015-12-08 Mrs St Ehrlich a leading Yugoslav sociologist seized the opportunity just before World War II to examine objectively the fast vanishing style of life of Yugoslav peasants and villagers This book based on a widely distributed questionnaire and many interviews provides a new picture based on sympathetic understanding of family relationships and customs in 300 villages The early chapters deal with the historical background of Yugoslavia and lay a groundwork for the assessment of the influence of centuries of Austrian and Ottoman domination the brief years of independence and the recent penetration of a money economy Subsequent chapters explore attitudes and traditions relating to intra family relationships Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Porodica u**

Household and Family in the Balkans Karl Kaser, 2012 On the occasion of the 20th anniversary of the foundation of the Balkan Family History Project at the University of Graz in 1993 this volume unites the most outstanding essays by the project members that have appeared over the course of the previous two decades scattered in various journals and books These essays cover the interval from the 19th to the 21st century and reflect the current status of Balkan family research in historical anthropological and demographical perspectives Series Studies on South East Europe Vol 13 **Ethnic Identity**

Lola Romanucci-Ross, George A. De Vos, Takeyuki Tsuda, 2006-06-22 In this thoroughly revised fourth edition with ten new chapters the editors provide thought provoking discussions on the importance of ethnicity in different cultural and social contexts The authors focus especially on changing ethnic and national identities on migration and ethnic minorities on ethnic ascription versus self definitions and on shifting ethnic identities and political control The international group of scholars examines ethnic identities conflicts and accommodations around the globe in Africa including Zaire and South Africa Belgium Brazil Bulgaria Italy Japan Lithuania Macedonia the Netherlands the United States Thailand and the former Yugoslavia It will serve as an excellent text for courses in race ethnic relations and anthropology and ethnic studies **The anthropology of**

power, agency, and morality Victor de Munck, Elisa J. Sobo, 2022-06-07 The works of F G Bailey 1924 2020 provide a seminal template for good ethnography Central to this is Bailey s ability to conceptually connect the well described micro contexts of individual interactions to the macro context of culture Bailey s core concerns the tension between individual and collective interests the will to power and the dialectics of social forces which foster both collective solidarity as well as divisiveness and discontent are themes of universal interest the beauty of his work lies in his analyses of how these play out

in local arenas between real people His models provide nuanced yet explicit road maps to analysing the different leadership styles of everyday people and contemporary leaders This volume seeks to inspire new generations of anthropologists to revisit Bailey s seminal texts to help them navigate their way through the ethnographic thicket of their own research

The Maintenance of Family Values in a Yugoslav Town Mary Katherine Gilliland,1986 Handbook of Family Violence Alan S. Bellack,Michel Hersen,R.L. Morrison,Vincent B. Van Hasselt,2013-06-29 In the last decade there has been heightened clinical and investigative activity in the area of family violence This of course is partly attributable to recent surveys showing a high incidence of family violence in the United States For example there are indications that nearly 30% of married women in this country are victims of physical abuse by spouses at some point in their marriage Further FBI statistics show that approximately 13% of all homicides are husband wife killings Moreover it has been projected that such figures are likely to increase over the next several years Consistent with these trends funding of family violence research by both federal and private agencies has increased Indeed federal agencies such as the National Institute of Mental Health and the National Institute of Law Enforcement and Criminal Justice have provided considerable support for work in this area In addition family violence particu larly wifebattering child abuse and sexual abuse of children has been the focus of media attention at the national level and has generated intensive interest in both lay and profes sional publications Moreover there have been several recent governmental hearings and investigations regarding the prevalence of these problems
