Family Violence and Religion Volcano Press (Volcano, Calif.),1995 **The Safe Congregation Handbook** Pat Hoerl,2005
Handbook of Marriage and the Family Marvin B. Sussman,Suzanne K. Steinmetz,Gary W. Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p **Gender, Violence, and Justice** Pamela Cooper-White,2019-03-20 Gender Violence and Justice is a volume of collected essays by an expert in the field of violence against women and pastoral theology It represents over three decades of research advocacy and pastoral theological reflection on the subject of sexual and domestic violence Topics include intimate partner violence sexual abuse and trauma and clergy sexual misconduct controversial theological issues such as forgiveness and as well positive frameworks for fostering well being in families church and society Framed by a foreword and an introduction that place this work in the context of new and contemporary challenges in theory and practice these essays show an evolution of issues and frameworks for theology care and activism arising over time from the movement to end violence against women both within and beyond religious communities while at the same time demonstrating an unchanging core commitment to gender justice **Female Identity Formation and Response to Intimate Violence** Anne Kiome Gatobu,2013-02-19 This book is a vital resource for intervention programs educators social workers counselors psychotherapists pastoral counselors and survivors of intimate violence and their families It gives the reader access to the inner emotions and psychological mechanisms of survivors of intimate violence in collective cultures that work to hold them captive in violent relationships The author integrates the psychological developmental theories of Heinz Kohut and Erik Erikson with social cultural and religious aspects to demonstrate the collusive power of what she calls the orienting system psychosocial and religious cultural force in the formation of a female sense of self to investigate the peculiar range of

responses of females to intimate violence Using theoretical and empirical research the author claims that the demeanor and functionality of the female survivor of intimate violence is an adaptation that enables her to retain her socially prescribed roles which she appropriates as a social identity and sense of self A surprising aspect of this work is the transformative power of religion also resourced in the orienting system in transforming the psychic hold of survivors to cathected self objects to self images that approximate a self in healthy relationship with God Consequently the energies and investment released can be redirected to cohere in self identities that can optimize drive thrive and relationality

Domestic Violence Sourcebook Joyce Brennfleck Shannon, 2009 Domestic Violence Sourcebook Third Edition provides updated information about the physical mental and social effects of violence experienced by intimate partners parents children teens and elderly adults Facts about types of abuse such as rape and other sexual violence stalking and human trafficking are included along with information about domestic violence prevention Guidelines for emergency intervention safety plans and identity protection are offered and facts about financial and legal assistance for victims are provided The Sourcebook concludes with a glossary of related terms and directories of additional resources for families and advocates of people experiencing domestic violence

Family Violence Elizabeth Soto Albrecht, 2008 Family counselor and Mennonite pastoral minister Soto Albrecht examines the alarming presence of family violence today focusing on North and Latin America She analyses the nature of violence and the many cultural social and economic factors that lead to it particularly the patriarchal structure that underlies families

The Cry of Tamar Pamela Cooper-White, 2013-06-24 In this comprehensive practical and gripping assessment of various forms of violence against women Pamela Cooper White challenges the Christian churches to examine their own responses to the cry of Tamar in our time She describes specific forms of such violence and outlines appropriate pastoral responses The second edition of this groundbreaking work is thoroughly updated and examines not only where the church has made progress since 1995 but also where women remain at unchanged or even greater risk of violence
